

Airfence Rental Requirements

First Thank You for ensuring that motorcycle safety is taken care of at your Track Day Event. As you may know Airfence is an expensive piece of equipment to purchase and maintain, that is why WMRRA has instituted an Airfence Rental Fee and agreement. There are a few things that need to be completed prior to Airfence being deployed for your event at Pacific Raceways. These shall be completed as defined in this document or Airfence shall not be deployed.

- WMRRA needs to be noted as an additional insured under the Liability portion of the Insurance Policy for which you will be using for the Event.
- Once WMRRA has been noted as an additional insured this shall be reviewed by WMRRA's legal counsel to ensure that this is sufficient enough. If deemed insufficient you will be notified by Chris Denzler, so as to remedy the situation. **NOTE:** A copy of the Insurance Policy needs to be received by WMRRA's legalcounsel no less than 7 days prior to your event.
- The rental rate for the Airfence is \$1500.00 a day for the first day, if you happen to have two consecutive days, the cost for the second day is \$750.00. The rental fee shall be paid in full the day of the event. Unless specifically discussed with and agreed to by Chris Denzler, Airfence Coordinator.
- WMRRA shall supply a crew of Airfence Technicians to set-up, maintain and tear down the Airfence.

Once again Thanks. If there are any questions, comments and/or concerns related to Airfence please feel free to contact the Airfence Coordinator, Chris Denzler, via airfence@wmrra.com
