

2026

# Round 4

June 20-21

Ridge Motorsports Park

**WMRRA**  
WASHINGTON MOTORCYCLE ROAD RACING ASSOCIATION

# Message From 3rd VP

Welcome to Race Round 4 at the Ridge Motorsports Park!

On behalf of WMRRA, I'm thrilled to welcome each of you to another day of good weather, great friends, and even better laps. As the 3rd VP and your Registrar, I'm proud to see so many familiar faces—and plenty of new ones—ready to make the most of this weekend.

Today's goals are simple:

- Have fun. Remember why we're here: to enjoy our bikes, the track, and the community.
- Stay upright. Ride within your limits, look out for each other, and prioritize safe, smart decisions on every lap.
- Chase your personal records. A PR means something different for everyone—maybe it's a faster lap, a cleaner entry, a smoother line, or just finishing every session with more confidence. Set a target that matters to you and celebrate the progress.

A big thank-you to our volunteers for all the hard work that makes this event possible, to our sponsors for their generous support, and to everyone visiting from out of town—welcome and enjoy your weekend with us.

If you need anything at registration—race additions/changes, timing questions, or just a friendly tip—come find me or any of our volunteers. Let's make Round 4 a safe, fun, and memorable day for all.

See you on track!

Danielle Mulkins, 3rd VP, WMRRA

# Sponsor Profile

*“Don't miss Saturday's Potluck!”*

**WMRRA Sponsor: *The Fix***

**PA System & Formula Ultra!**

**Owner: Delaney Packard**

## **Tell us a little bit about your background:**

I'm originally from Mt. Vernon, WA but have lived all over the United States as a result of my Navy experiences. I was an Electrician's Mate 1st class and reactor operator on the submarine USS Augusta (SSN-710). After a brief stint in the technology industry as an electrical inspector, I started attending Portland State University where I received my B.S. in Electrical Engineering.

## **How did you get into motorsports?**

I got started in motorsports back in 2003 when I showed up at a MotoCorsa Track-day @ PIR. I had bought my first street bike (1992 GSXR-750). Promptly had my first crash and figured it might be a good idea to see how some more experienced folks were getting on. I introduced myself to the person managing the corner workers that day (Postal Mike) and explained I was just there to spectate. After a few brief questions about racing, flags and comms, I was suddenly on Turn 8 watching from the best seat in the house, getting paid to do so and a free lunch? Needless to say I was hooked from that point on. A few years after beginning my marshaling career, I started helping out in the pits doing suspension and wrenching. Since then I've worked at WMRRA, OMRRA, AFM and MotoAmerica events in support of racers. This will be my fourth consecutive year at the Ridge round of MotoAmerica hosting racers in the pits. Come say hello!

## **What's "The Fix"?**

The FIX Motorsports got started during COVID out of a desire to continue to provide trackside services for the community and expand to a full service shop. I'm proud to say this is the sixth year of operations and that determination to grow and expand what I can provide has never wavered. New this year, we are offering custom dyno tuning with ecu services. Now you can actually have the person tuning your bike at the track to help and make adjustments as needed. We work on all brands of sport bikes and can perform all major service work. Obviously, suspension servicing, repairs and upgrades are always available.

# Sponsor Profile (Cont.)

## What would you tell someone interested in getting into racing?

For someone just getting started at the track, be it racing or track days, I highly recommend getting some coaching. No matter where your skill level is at now, coaching is the best return on your investment in both time and money at the track. We are unable to see ourselves riding our bike and having that direct feedback in the moment is priceless.

## What are you most Proud of?

In addition to supplementing the PA at all 3 race tracks, I'm proud to continue to sponsor Formula Ultra again for WMRRA this year with cash payouts for every Washington round. Also, I'm sponsoring a pot luck on Saturday evenings at every race weekend (7pm approximately). If you haven't come by, you've missed out on Teriyaki Chicken with Rice and Pulled Pork. Grab a side dish and come have some food with the rest of your racing family!

**Thank you WMRRA family for everything and looking forward to more!**

## Race Day Staff

Name	Title	Name	Title

# Taste Of Racing

Want to experience what it's like to be on the track?  
Thinking about racing, but not sure what that's like?

WMRRA is proud to provide you with a "Taste of Racing," sponsored by Track Time!

Taste of Racing is a way for you to experience riding in a "racing" environment without committing the time and money towards a race weekend or a track day. This is a 20-minute controlled session on the track for \$20! And is provided EVERY Race Weekend throughout the season.

To learn more visit: [wmrra.com/resources/taste-of-racing/](http://wmrra.com/resources/taste-of-racing/)
